

IR Global Rising Stars

IR Global's Rising Stars programme is specially designed to help firms shine a spotlight on their outstanding individuals. The programme also helps expose Rising Stars, along with their employer, to the IR Global network, and allows insight into the world of Professional Services, which will help guide and grow their career.

About The Rising Stars Programme

Many boutique and medium sized professional services firms are experiencing the same challenges with regard to retaining their best individuals. There are a number of reasons for this, however, one of the key factors is the ability to compete with larger international firms in providing personal & career development opportunities when it comes to cross border work, travel and cultural experiences.

To combat this issue and support our global membership, we have developed the IR Rising Stars Programme.

"Being A Rising Star has been enormously valuable for my professional development" – Della Hill of MacDonald Weiss PLLC, US – New York
